<p>Order 20-28 FAQs Guidance Executive Order 2020-044 Press Release</p> <p>Apr. 28, 2020</p>	<p>implementing best practices.</p> <p>Requires critical retail to comply with social distancing requirements at all times, including when any customers are standing in line.</p>	<ul style="list-style-type: none"> • Comply with social distancing requirements at all times; • Adopt work from home or telework policies for any operations that can be done remotely; and • Implement other strategies (e.g., staggered schedules/redesigning workplaces) to create more distance between workers, unless doing so would make it impossible to carry out critical functions. <p>Provides that critical businesses that were open under the Stay-at-Home order may remain open with the same strict precautions (e.g., physical distancing, masks for all employees, more frequent cleanings, etc.).</p> <p>Permits non-critical office-based businesses operating in an office and not a production environment to allow up to 50% of their employees to conduct in-person work that takes place outside a private residence.</p>	<p>workplace to minimize disease transmission:</p> <ul style="list-style-type: none"> • Deputize a workplace coordinator(s) charged with addressing COVID-19 issues; • Maintain 6-foot separation between employees and discourage shared spaces; • Clean and disinfect all high touch areas; • Post signage for employees and customers on good hygiene; • Ensure proper ventilation; • Avoid gatherings (meetings, waiting rooms, etc.) of more than 10 people; • Implement symptom monitoring protocols, conduct daily temperature checks, and monitor symptoms in employees; • Eliminate or regularly clean and disinfect any items in common spaces that are shared between individuals; • Require employees to stay home when sick; • Provide work accommodations for vulnerable individuals; • Provide flexible or remote scheduling for employees who have child/elder care obligations, to the extent possible; • Encourage or enable remote work when possible; • Encourage breaks to wash hands; • Phase shifts and breaks to reduce density; • Provide appropriate gear like gloves, masks, and face coverings; • Create special hours for vulnerable individuals; • Encourage 6-foot distancing inside of the business for all patrons; • Encourage customer use of protection like gloves and face coverings; • Provide hand sanitizer at the entrances to the greatest extent possible; and • Use contactless payment solutions, when possible. <p>Requires employers with over 50 employees in any one location to—in addition to the above requirements—implement the following:</p> <ul style="list-style-type: none"> • Implement stations for symptom screening and temperature checks. • Close common areas to disallow gatherings of employees. • Implement mandatory cleaning and disinfection protocols. • Require mandatory adherence to social distancing requirements.

State	Retail Operations	Non-Retail Operations	Both
<p>Connecticut</p> <p>Executive Order 7PP Press Release General Business Guidance Office Guidance Certification</p> <p>May 18, 2020</p>	<p>Requires retailers to:</p> <ul style="list-style-type: none"> Stagger shift start/stop times, break times, and lunchtimes to minimize contact across employees. Rearrange space to maintain 6+ feet of distance between customers and limit movement of employees within the facility. Consider having designated hours for vulnerable populations. Close or remove amenities non-essential to businesses' main function. 	<p>Requires businesses to:</p> <ul style="list-style-type: none"> Encourage employees to continue to work from home where possible. Share the rules for reopening with employees. Appoint a program administrator who is accountable for implementing the rules. Stagger shift start/stop times and break times to minimize contact across employees. Limit visitors and service providers on site. Develop cleaning checklists that incorporate these rules. Rearrange space to maintain 6 feet of distance between employees and stagger the position of desks so employees can avoid sitting opposite each other. Use partitions between employees where a 6-foot distance cannot be maintained. Close or remove amenities non-essential to businesses' main 	<p>Requires businesses to:</p> <ul style="list-style-type: none"> Limit maximum occupancy to 50% of usual occupancy in any indoor space. Post clear signage that reinforces new policies (e.g., social distancing protocols, cleaning and disinfection protocols, PPE requirements, etc.). Install visual social distancing markers to encourage employees and customers to remain 6-feet apart in common spaces. Rearrange space to maintain at least 6 feet of distance between customers when they may be seated. Install touchless appliances wherever possible (e.g., paper towel dispensers, soap dispensers, water fountains, etc.). Ensure employees do not share equipment, to the extent possible. Post clear signage that includes the state hotline for employees and customers to report potential violations of these rules. Maintain a log of employees on premise over time to support contact tracing. Make hand sanitizer available at entrance points and common areas, where possible. Ensure employees wash their hands routinely using soap and water for at least 20 seconds. Make available near commonly used surfaces where possible, like high-transit surfaces and checkout counters. Clean and disinfect frequently and implement use of cleaning log for tracking. Make cleaning, disinfectant, and/or disposable disinfectant wipes available near commonly-used surfaces. Complete a thorough cleaning of facility. Increase ventilation rates and increase the percentage of outdoor air that circulates into the system where possible. Where possible, segment workspace into discrete zones, prevent movement between zones, and close spaces where employees congregate. Follow federal guidelines on what specific cleaning products to use and how. Complete the self-certification on the DECD website to receive a

State	Retail Operations	Non-Retail Operations	Both
		<p>function.</p> <ul style="list-style-type: none"> Encourage social distancing while using elevators. 	<p>Reopen CT badge.</p> <ul style="list-style-type: none"> Require all employees and customers to wear a facemask or other cloth face covering that completely covers the nose and mouth. Estimate required PPE for employees and begin procuring. Provide PPE for employees. Institute a training program and ensure employee participation in the program prior to reopen. Ask employees resuming on-premise work to confirm they have not experienced COVID-19 symptoms and to monitor their own symptoms. Adhere to federal guidance pertaining to paid leave for employees and provide this guidance to employees. Not retaliate against workers for raising concerns about COVID-related safety and health conditions.
<p>Delaware</p> <p>Press Release Delaware's Reopening</p> <p>May 19, 2020</p>	<p>Beginning <u>May 20, 2020</u>, permits retailers to operate by appointment only.</p> <p>Permits retailers to open their indoor spaces at 30% of stated fire capacity beginning <u>June 1, 2020</u>.</p> <p>Requires employers to:</p> <ul style="list-style-type: none"> Close common areas. Prohibit gatherings or meetings of 10+ during work hours. Permit employees to take breaks for lunch outside, in their office or personal workspace, or other areas where proper social distancing is possible. Restrict interactions between employees and outside visitors or delivery drivers. 	<p><i>See Both Column</i></p>	<p><i>Note, the Stay at Home Order remains in effect until May 31, 2020.</i></p> <p>Advises that businesses should:</p> <ul style="list-style-type: none"> Close common areas where personnel are likely to congregate and interact or enforce strict social distancing protocols. Continue to have staff work from home whenever possible. Disinfect all surfaces touched by customers using an EPA-approved disinfectant every 15 minutes to 2 hours. Require employees to perform a daily health check as prescribed by DPH. Make hand sanitizer or handwashing stations readily available for all employees and customers. Give downtime between shifts and after closing for thorough cleanings of an establishment at a minimum after each day. Post signs on how to stop the spread of COVID-19, hand hygiene, and properly wear a cloth face covering.

State	Retail Operations	Non-Retail Operations	Both
	<ul style="list-style-type: none"> • Adjust training/onboarding practices to limit number of people involved and allow appropriate spacing. • Discourage the use of shared phones, desks, workstations, etc. • Install physical barriers and change layout of workspaces to ensure all individuals remain at least 6 feet apart. • Require signage an entrance of high traffic areas alerting staff and customers of occupancy limits, physical distancing requirements, and face covering policies. • Establish specific hours for high-risk populations. • Make 6-feet of spacing at checkout lines and between cashiers. 		
D.C.	<i>Stay at Home Order in effect until June 8, 2020.</i>		
<p>Florida Executive Order 2020-112 Executive Order 2020-123 May 14, 2020</p>	<p>Permits in-store retail sales establishments that were previously affected by prior executive orders (i.e., non-essential retail) to operate at 50% of their building occupancy and abide by the safety guidelines issued by the CDC and OSHA.</p>	<i>See Both Column</i>	<p><i>Note that workers who are needed to provide, process, and maintain systems for processing, verification, and recording of financial transactions and services, including insurance services, are “essential.”</i></p>
<p>Georgia Executive Order </p>	<p>Requires all retail businesses to implement additional measures to prevent the spread of COVID-19,</p>	<i>See Both Column</i>	<p><i>Note that workers that provide insurance services are deemed “critical infrastructure.”</i></p>

State	Retail Operations	Non-Retail Operations	Both
<p>Executive Order Press Release Guidance Executive Order Executive Order</p> <p>May 11, 2020</p>	<p>including:</p> <ul style="list-style-type: none"> Limiting the number of patrons inside the store to 50% of fire capacity or 8 patrons per 1,000 square feet. Encouraging patrons to use hand sanitizer upon entering. Encouraging non-cash payments when possible. Sanitizing entrance and exit doors at least three times per day. Encouraging workers to report any safety and health concerns to the employer. Installing protective screens or other mitigation measures where worker-patron interactions are likely. <p>Requires non-critical retail businesses to implement the following measures to mitigate the exposure of COVID-19 (some of these are also applicable to critical businesses):</p> <ul style="list-style-type: none"> Posting a sign on the storefront stating that individuals who have a fever or other symptoms of COVID-19 must not enter the store. Enforcing social distancing of non-cohabitating persons while present on the retailer’s property. For retailers, providing for alternative points of sale 		<p>Requires critical businesses that continue in-person operation to implement measures that mitigate the exposure and spread of COVID-19, which <i>may</i> include:</p> <ul style="list-style-type: none"> Screening and evaluating workers who exhibit signs of illness (e.g., fever, cough, or shortness of breath). Requiring workers who exhibit signs of illness to not report to work or to seek medical attention. Enhancing sanitation of the workplace, as appropriate. Disinfecting common surfaces regularly. Requiring handwashing or sanitation by workers at appropriate places within business locations. Prohibiting gatherings of 10+ workers during work hours. Permitting workers to take breaks and lunch outside, in their office/personal workspace, or in such other areas where proper social distancing is attainable. Implementing teleworking for all possible workers. Implementing staggered shifts for all possible workers. Holding all meetings and conferences virtually, whenever possible. Delivering intangible services remotely, whenever possible. Discouraging workers from using other workers’ phones, desks, offices, or other work tools/equipment. Prohibiting handshaking and other unnecessary person-to-person contact in the workplace. Placing notices that encourage hand hygiene at the entrance to the workplace and in other workplace areas. <p>Advises that critical businesses to implement the following measures, if practicable:</p> <ul style="list-style-type: none"> Providing PPE as available and appropriate to the function and location of the worker within the business location. Providing disinfectant and sanitation products for workers to clean their workspace, equipment, and tools. Increasing physical space between worksites to at least 6 feet.

State	Retail Operations	Non-Retail Operations	Both
	<p>outside of buildings, including curbside pick-up or delivery of products and/or services if an alternative point of sale is permitted under state law.</p> <ul style="list-style-type: none"> • Requiring open sales registers to be at least 6 feet apart. • Requiring point of sale equipment to be frequently cleaned and sanitized. • Increasing physical space between workers and patrons. • Suspending the use of PIN pads, PIN entry devices, electronic signature capture, etc. to the extent permissible. 		
<p>Hawaii</p> <p>Seventh Supplementary Proclamation Press Release</p> <p>May 5, 2020</p>	<p><i>See Both Column</i></p>	<p><i>See Both Column</i></p>	<p><i>Note, workers identified in the federal guidance qualify as “essential.”</i></p> <p>Requires all essential businesses and operations to exercise the following social distancing requirements to the fullest extent possible:</p> <ul style="list-style-type: none"> • Monitor and enforce the 6-foot distancing requirement, whether outside waiting lines or as customers move about inside a facility. • Modify checkout operations, to the extent reasonably feasible, to provide a 6-foot separation or provide a transparent shield or barrier between customers and checkout clerks. • Determine the maximum number of customers that may be accommodated while maintaining the 6-foot distance and limiting the number of customers in the facility or at the operation to that maximum number at any time. • Require all employees who have any contact with customers or goods to be purchased to wear the cloth face covering recommended by the CDC while at their place of employment. • Make hand sanitizer and sanitizing products readily available for employees and customers.

State	Retail Operations	Non-Retail Operations	Both
			<ul style="list-style-type: none"> • Regularly disinfect all high-touch surfaces. • Implement processes to safeguard elderly and high-risk customers. • Post online whether a facility is open and how best to reach the facility and continue services by phone or remotely. • Encourage their customers to do their business remotely by phone or online to the extent possible. • Provide for, if feasible, online ordering and purchase of goods and customer pickup of orders at a location outside the facility or provide for delivery to customer locations. • Post a sign at the entrance of the facility informing all employees and customers that they should: <ul style="list-style-type: none"> – Wear CDC recommended face coverings while in the business. – Avoid entering the business if they have a cough or fever or otherwise do not feel well. – Maintain a 6-foot distance from one another. – Not shake hands or engage in unnecessary physical contact.
<p>Idaho</p> <p>Stay Healthy Order FAQs Idaho Rebounds Plan</p> <p>May 1, 2020</p>	<p><i>See Both Column</i></p>	<p><i>See Both Column</i></p>	<p>Requires all businesses to adhere to social distancing and sanitation requirements, including:</p> <ul style="list-style-type: none"> • Identify how personal use items such as masks, face coverings, and gloves may be required by employees, vendors, and/or patrons. • Provide services while limiting close interactions with patrons. • Identify strategies for addressing ill employees, which should include requiring COVID-19-positive employees to stay at home while infectious and may include (1) keeping employees who were directly exposed away from the workplace and (2) the closure of the business until the location can be properly disinfected. • On a case-by-case basis, include other practices appropriate for specific types of businesses (e.g., screening of employees for illness and exposures upon work entry, requiring non-cash transactions, etc.). • Maintain the 6-foot physical distancing requirements for employees and patrons. • Provide adequate sanitation and personal hygiene for employees,

State	Retail Operations	Non-Retail Operations	Both
			<p>vendors, and patrons.</p> <ul style="list-style-type: none"> • Ensure frequent disinfection of the business as well as regular cleaning, especially of high-touch surfaces. • Continue to encourage telework, whenever possible and feasible.
Illinois	<i>Stay at Home Order in effect until May 30, 2020.</i>		
<p>Indiana</p> <p>Executive Order 20-26 Press Release Guidance FAQs Executive Order 20-28 Press Release Guidelines for Professional Office Settings</p> <p>May 21, 2020</p>	<p>Requires all retail businesses that are reopening or continuing to operate to:</p> <ul style="list-style-type: none"> • Limit the number of customers in their facility at any given time to no more than 50% of occupational capacity and assign staff to monitor capacity. • Ensure 6 feet between employees (if impossible, install barriers). • Require symptomatic employees to stay home and recommend they be tested. • Train employees on the importance of hygiene and sanitation. • Limit their hours of operation and consider implementing separate hours for vulnerable populations. • Require employees to wear face coverings and consider requiring customers to wear face coverings. • Comply with social distancing and other separation measures, sanitation of all applicable areas, and other mitigation measures. 	<p>Advises that professional services—including insurance services—be conducted virtually or by telephone whenever reasonably possible.</p> <p>Suggests that owners and managers of professional services and other office-based businesses needing on-site work should:</p> <ul style="list-style-type: none"> • Return staff in phases. • Train all employees on the importance of hygiene, sanitation, and the need to stay home when sick. • Allow as many people as practical to work from home. • Limit the number of in-person meeting participants. • Ensure 6 feet of distance between work stations (if impossible, create barriers). • Require regular handwashing and face coverings for 	<p>Requires all businesses continuing operations or being allowed to reopen to adhere to the following:</p> <ul style="list-style-type: none"> • Develop a plan to implement measures and safeguards to ensure a safe environment for their employees, customers, clients, and members, including—at a minimum: <ul style="list-style-type: none"> – Instituting an employee health screening process. – Employing enhanced cleaning and disinfecting protocols for the workplace, including regularly cleaning high-touch surfaces. – Enhancing the ability of employees, customers, and clients to wash hands or take other personal hygiene measures such as use of hand sanitizer. – Complying with social distancing requirements established by the CDC. • Comply with safety and health standards established and enforced by IOSHA. • Take proactive measures to ensure compliance with the social distancing and sanitation requirements, including—where possible, the following: <ul style="list-style-type: none"> – Designate 6-foot distances. – Have hand sanitizer and sanitizing products readily available. – Implement separate operating hours for vulnerable populations. – Post online whether a facility is open and how best to reach the facility/continue services by phone or remotely. <p>Encourages all businesses and employers to adopt and/or take the following actions:</p> <ul style="list-style-type: none"> • Allow as many employees as possible to work from home by implementing policies regarding teleworking and video
