

MARKET INTELLIGENCE & INSIGHTS

Frontline resources highlighting critical focus areas to help you stay on top of changing industry dynamics.

KEY TOPIC AREAS

INSURTECH

The insurance technology space is remodeling the traditional composition of the value chain. Over the next 10 years, we'll not only witness evolving and new risks but dramatic shifts in how risk is measured and evaluated. We're here to help you keep tabs on it all.

HEALTHCARE

From Washington D.C.'s latest legislative and regulatory developments, to showcasing companies and solutions tackling cost and the complicated "price of health services" equation, The Council arms you with timely healthcare reform intel for you and your clients.

CYBER

As cyber insurance evolves and adapts to a globalized world, it's important to be in the know. The Council closely monitors developments in the cyber insurance market as well as regulatory activity to help you navigate this ever-changing risk landscape.

GLOBAL BUSINESS

The Council's global initiatives facilitate a dialogue on broad issues that affect overseas business and the servicing of multinational accounts. We provide market intelligence and access to peer exchange forums that are designed to address critical operational challenges associated with cross-border placements.

EMERGING ISSUES

The current pace of change in the industry is dizzying. We help you see what's around the corner, from market dynamics to emerging trends like blockchain. Knowing what's coming allows you to evolve and remain competitive.
