

2021 State Regulatory Responses to COVID-19

* State regulators have been issuing emergency regulations, guidance documents, and press releases responding to the novel coronavirus (COVID-19) outbreak. Nearly every state is enacting daily changes to their responses to COVID-19. **Major responses in 2021 are documented below.** **Additionally, you can access the 2020 state regulatory tracker [here](#).**

* The below survey documents state responses to COVID-19 in the following areas:

- ***Declaring a State of Emergency.*** All fifty states and the District of Columbia have declared a state of emergency, granting the states access to emergency funds, the National Guard, and other resources to assist affected entities and communities.
- ***Shelter-in-Place.*** Most states have put in place broad shelter-in-place or stay-at-home orders. These orders—among other things—impose restrictions on business across the state, effectively permitting only “life-sustaining” or “essential” businesses to continue to operate.
- ***Suspending Evictions.*** Many states are temporarily suspending evictions or foreclosures of residential and/or commercial properties.
- ***Reopening State Economies.*** The CDC has issued [guidance](#) for state and local officials to reopen businesses to the public. States are beginning to allow businesses to reopen and requiring implementation of specific safety measures.

Not every state has addressed each of these issues, and some states have incorporated other important reforms (e.g., unemployment benefits, paid-family leave, visitation at long-term care facilities, etc.). To the extent possible, we have included such references below.

* The below survey details the available state resources, the date on which the resources were issued, and a brief summary offering a general overview of the guidance offered. The initial table provides a high-level overview of the broader survey and contains corresponding state links that refer to the entries in the detailed survey.

* We envision this as an evergreen document that we will aim to update on a weekly basis. If you operate in a state and notice that we have not included the most up-to-date guidance, please let us know.
